

CONDITION REPORT

Date: 8/27/2020
Object: Mat
Accession Number: A.1668.27-40
Catalog Number: A.1668.27-40

Department: Anthropology

Materials: Plant - Pandanus Fiber

Dimensions: L: 15.16" (38.50 cm)
W: 25.08" (63.70 cm)

Description:

Description from Blomberg card: "Rectangular, diagonally plaited pandanus mat with 'ALOHA NUI' written in the center in a darker over lay design. Dark, geometric over lay designs are around the edges."

Description from old catalog card: "Small pandanus mat, 18" x 28"."

Condition:

The mat is in very poor condition. It is curled up and not lying flat, with pieces breaking off. There is a large V shaped tear at the top middle of the mat and another tear on the side. There are also some small holes, areas of loss, and stains, as noted on the diagram.

Report Prepared By: Jenn Berger

CONDITION REPORT VISUAL DOCUMENTATION

Date: 8/27/2020
Accession Number: A.1668.27-40
Object Name / Title: Mat

Tear here that led to the corner piece breaking off - the piece is in a bag of fragments from the mat

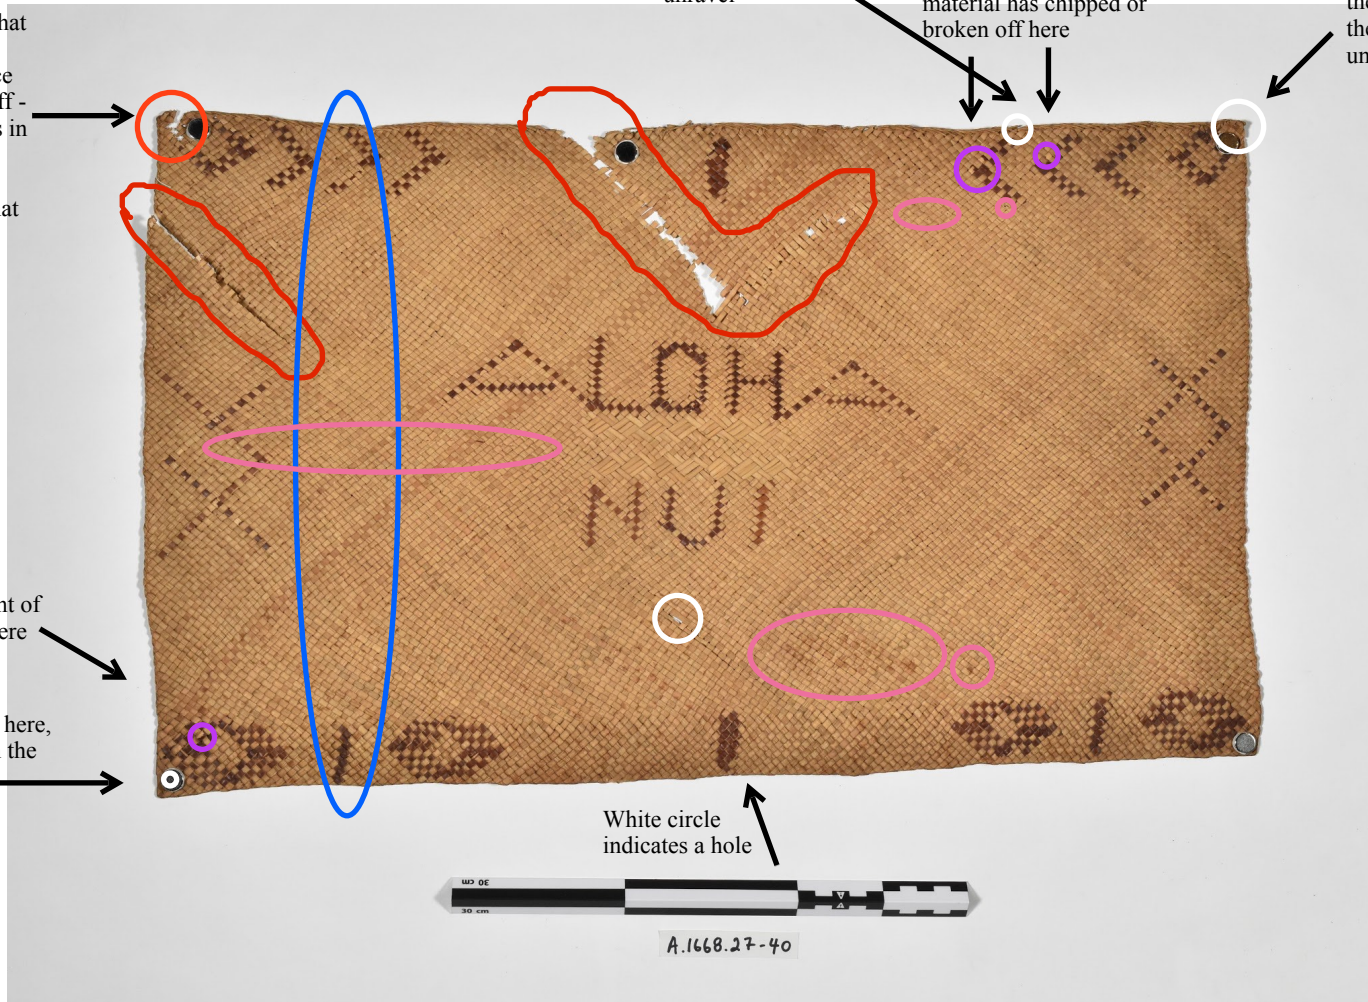

Small amount of loss here

Small hole here, underneath the magnet

This white circle indicates the weave at the border starting to unravel

Some of the darker material has chipped or broken off here

Corner piece broke off here - piece is in a bag of fragments from the mat. Also, there is some loss of the darker material under the magnet.

White circle indicates a hole
